ENJOY...

BEACHES!

Singing sand and clay-red beaches; flag-topped castles built and washed away in a day; cool wet sand beneath your feet as you run, surf board under arm, to ride that perfect wave.

CULTURE!

See ancient petroglyphs carved in stone and take a guided walk through 4,000 years of Mi'kmaq history; hear tales of Viking sagas, imagine the clang of the blacksmith's forge and the crackle of fire.

SCIENCE!

Feel your universe expand as your knowledge grows; see the forest with fresh eyes when you join fellow citizen scientists in a bug count or BioBlitz; help make a powerful difference to species at risk.

HOT SPRINGS!

Revive trail-tired limbs in mineral-rich hot springs surrounded by leafy forests of aspen and Douglas fir; lie back in silence and contemplate steam circling towards the sky whilst soaking up a thousands-of-years-old tradition.

BIKING!

Pedal past skyscrapers and centuries-old buildings to sunny green spaces along a historic canal route; fat bikes and fresh snowfall are a perfect match, winter won't stop you powering through fresh powder on two wheels.

WILDLIFE!

Golden fingers of light creep through a tangle of trees as rainbow-hued birds fly in at dawn; see water cascade from a moose's muzzle as he drinks from a shining pond; watch woolly-coated bison daintily grazing the plains.

PADDLING!

Hear grey seals bark in the distance and paddle an ancient river route of Indigenous communities and early settlers; make a voyage of adventure, expertly mastering white water rapids along a distant river few will ever see.

WINTER FUN!

Fresh snow sparkles in the sunshine; a million icy diamonds shimmer before you; how will you conquer the cold today? Ski or snowshoe, toboggan or ice skates? With hot chocolate at the end, winter workouts bring their own reward.

HIKING!

Where will your hike take you? Sloping mountains and rushing waterfalls; dense rainforest and misty peaks; endless prairie skies and blazing sunsets; the earth's mantle beneath your feet and adventure on the horizon.

EATING!

Tempting scents waft from the cookhouse door, follow your nose for a pasture-to-plate dinner cooked over a wood-fired stove; toast the day with a storied spirit and discover a rum-soaked history and toast the day with a spirit aged in barrels within a Fortress.

PICNICS!

Historic meals happen in historic surroundings, feast with friends and soak up the atmosphere; golden sand between your toes, no lunch ever tasted so good as a picnic packed with happiness, watching waves kiss the shore.

SCUBA!

Dive beneath the waves to explore historic shipwrecks and submerged caves; slip on your snorkel and leisurely discover what lies just below the surface, see dancing seaweed, darting fish and vivid-coloured sea stars.

2

DISCOVER SOMEWHERE NEW

Some of Parks Canada's favourite places will be busy this year. Explore hidden gems in places that are a bit unknown to get away from it all.

3

TRAVEL IN THE SHOULDER SEASONS

Spring and fall are both exciting and beautiful seasons to explore Canada's national treasures. Watch life come to bloom or change colours right before your eyes.

4

HAVE A WINTER ADVENTURE

For a true Canadian experience, there are many kinds of winter activities available in Parks Canada places. From cozy horse-drawn sleigh rides to skating on the world's longest skating rink.

5

TRAVEL MIDWEEK

Avoid the weekend rush, especially long weekends. Travel during the week when the crowds are quieter.

6

RESERVE YOUR SPOT

You can reserve a campsite or a variety of other accommodation options ahead of time by using the Parks Canada Reservation Service. Accommodations are easier to come by in the shoulder seasons.

7

GO ON A SPECIAL TOUR

To get a more exclusive experience, take in a guided tour or hike and listen to thrilling stories from those who know the parks and sites best!

8

BE AN EARLY BIRD

Get out early in the day. Birds and other wildlife are most active at this time; and the lighting makes for fabulous photos. It can feel like you have the whole place to yourself.

9

EXPLORE AT TWILIGHT

Many animals rest during midday and can be seen travelling at dusk. There is a greater chance of seeing wildlife at these times. Remember to give animals the space they need. Your responsible behaviour contributes to their survival – and your own safety.

10

BE A NIGHT OWL

Many Parks Canada places are designated as Dark-Sky Preserves. Enjoy the night sky in all its wonder. Don't forget to make a wish on a shooting star!
