How many times a day do you say something is **‘awesome’**? Five. Ten. Twenty? We all love bragging about the ‘awesome’ things we do. But are these everyday things truly awesome? What happened to watching a spectacular sunset surrounded by nature, friends and family? Or hearing the impressive boom of a cannon firing in the place where history was made?

This is what awesome used to mean.

This is what it still means.

Across Western Canada, nothing can come close to experiencing the awesomeness of Parks Canada places.

Let us show you how!

1,2,3, GO!

Stow the electronics and pack up the kids! It's time to get out and get active with your family, at a price everybody can afford. The little ones will beg to come back again and you'll be happy to oblige when you see how quickly they conk out after a day of outdoor fun.

Now that's awesome!

TAKE YOUR KIDS MOUNTAIN BIKING

.....

Kids, take on a new bike playscape! Try out the junior skills trail for the youngest and great single track for the teens. Ride as far as you want through the forest of giant cedars with connections to other nearby trails. When you're done, it's a quick downhill to the outdoor cafes in town.

Families put on your 'thinking hats' to answer questions on how different types of fish and shellfish are caught. Discover these in the museum, and at various sites throughout the historic fishing village of Steveston.
