Distance in kilometers

National Historic Site

National Park

History on the **Edge**

For thousands of years different cultures travelled great distances to take advantage of the natural bounty of the Great Northern Peninsula of Newfoundland and Southern Labrador. Each brought with them skills and new technologies that helped them thrive. Ancient Indigenous peoples arrived first. As sea levels and climate changed so too did the cultures that lived here. Vikings voyaged here from across the ocean a thousand years ago. Basque whalers came five centuries later to exploit the riches of the New World. Other Europeans came and settled on the land while Indigenous peoples maintained their presence. Ship wrecks, tall tales, mysterious stones, and sacred traditions; each culture left their mark on the landscape for us to discover.

Exploring a Living **Landscape**

Attracted by the rich resources of the sea, people have lived at Port au Choix for more than 6,000 years. A large sacred burial ground bears witness to the marine-based technology, economy and spiritual culture of the first people to live here – the Maritime Archaic. The remains of a large settlement at Phillip’s Garden paint a vivid picture of the material and intellectual culture of the Groswater and Dorset people, 3,000 years later. After the arrival of Europeans, Indigenous people cautiously traded with fisherman at Benie Island. Discover the ancient peoples who journeyed through this special landscape and connect with today’s thriving Indigenous cultures of Newfoundland and Labrador.

(709) 861-3522 / (709) 458-2417 (off season)

Things to do

Sacred Burial Grounds

Visit the **Gathering Circle** in the town of Port au Choix and reflect on the sacred burial grounds of the Maritime Archaic people. Thousands of years ago when sea levels were higher this area was an island. It was a special place to honour and lay to rest their loved ones.

Seal for All Seasons

Join an interpreter for the **Seal for All Seasons** program to explore the different ways past and present cultures have used seals to sustain their livelihoods.

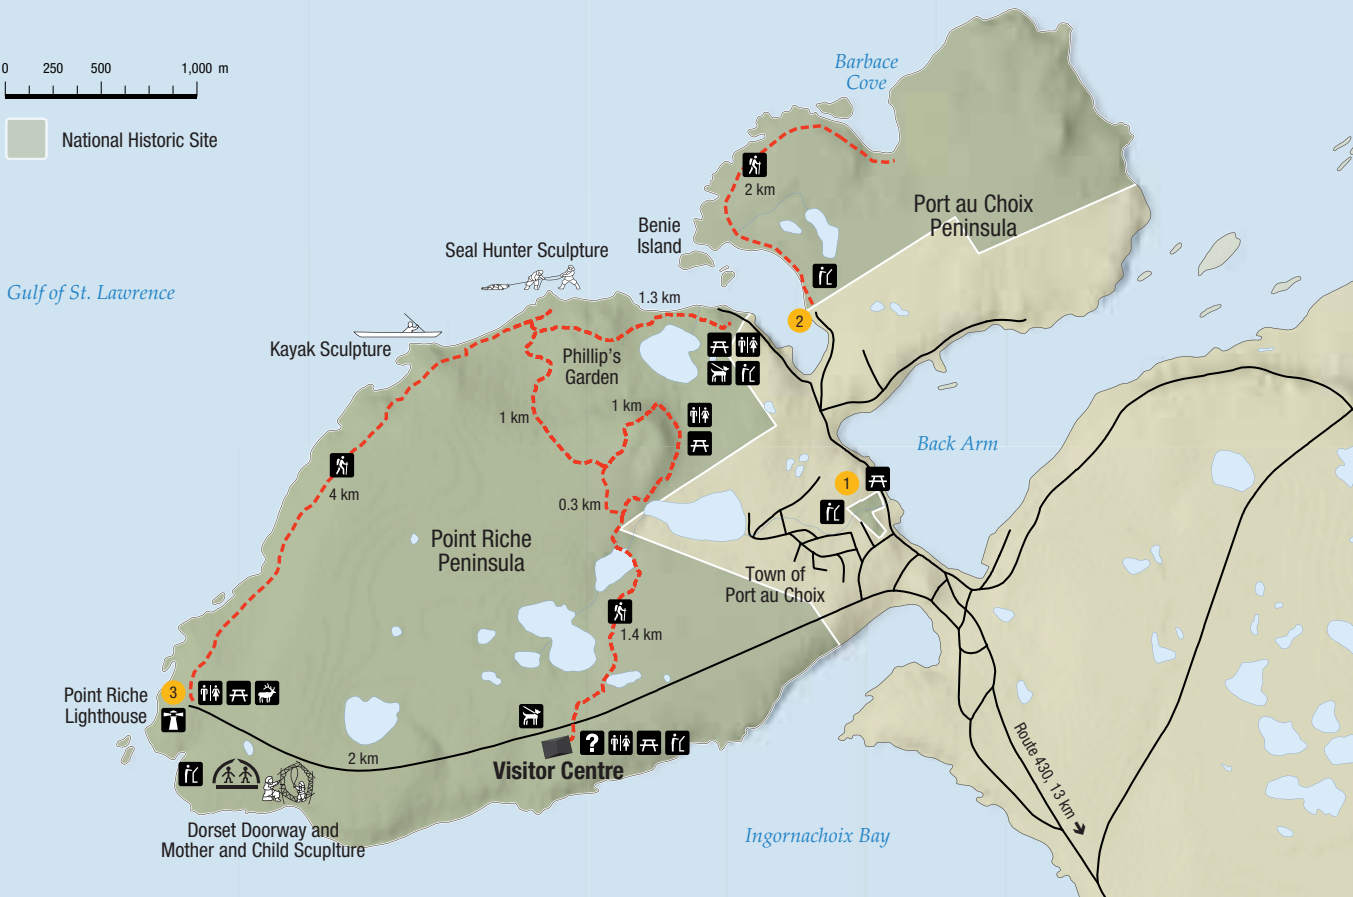

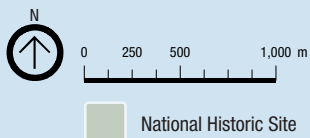

Beauty and the Barrens

Go on a guided tour to explore the rare and fragile limestone barrens, home to shoreline fossils and rare arctic plants found nowhere else in Canada, and some species found nowhere else in the world.

Hiking in Port au Choix

Travel through time on hiking trails over dramatic limestone barrens, to coastal trails ideal for spotting whales, moose, caribou and sea birds. Visit archaeological sites including 5,500 year old Maritime Archaic sacred burial grounds and Phillip's Garden, one of the most important archaeological sites for Dorset and Groswater settlement in the world.

Imagine 6,000 years of human history

Not to be missed

French Rooms Cultural Center

1

Learn about the resettlement era, the French migratory fishery and the Point Riche lighthouse. Local shrimp and crafts are available for purchase at the center gift shop.

(709) 861-2142

French Bread Oven

2

Enjoy freshly baked bread topped with local jams from a reconstructed French oven, and have your photo taken with the chaloupe in period costume. For further details and program schedule contact the French Rooms Cultural Center.

(709) 861-2142

Point Riche Lighthouse

3

Explore the areas around the Point Riche lighthouse. It is accessible by road and caribou are often seen grazing nearby. While there learn more about the history of the Dorset presence at Point Riche.

Torrent River Salmon Interpretation Centre

Learn about the adult salmon restocking story, view Atlantic salmon - eye to eye. Located in nearby Hawke's Bay it is the site of the province's most successful salmon enhancement program.

www.torrentriver.ca/home

Geocaching

Explore more with the geocaching activity program. Locate hidden caches and punch the program card. Find three caches and receive a trackable geocoin unique to Port au Choix.

Good to know

Wild animals such as caribou are often seen on the trails in and around Port au Choix. Please do not approach or entice them, and be sure to give them space to safely pass you on the trail.

Did you know?

The Griscom's Arnica is in the sunflower family and grows at just nine sites around the Gulf of St. Lawrence. Of this small global population, more than 90% is found within Port au Choix National Historic Site!

An epic Viking adventure **unearthed**

Designated a UNESCO World Heritage Site in 1978, L'Anse aux Meadows provides evidence of one of the great steps in human migration and is the only authentic Viking site in North America. Recalling epic voyages across raging oceans, L'Anse aux Meadows contains the remains of an 11th-century Viking basecamp and is the earliest known European presence on the American continent. At this Norse outpost on Newfoundland's windswept northernmost tip, walk in the footsteps of the Vikings and experience life in the North Atlantic.

Things to do

Digging through Time – Saddle Island Guided Tour

Take a short ride on the water shuttle with a Parks Canada guide to visit the archaeological sites on Saddle Island. Walk around the breath-taking island to hear first-hand experiences of finding some of Red Bay's most precious artifacts, check out where whale oil was processed, and explore the life and times of Labrador's 16th-century Basque whalers. Regularly scheduled tours depart from the Visitor Interpretation Centre.

If These Bones Could Talk

Explore the Boney Shore on a guided walk to see remains of a 16th-century whaling industry. Walk along the beautiful harbour with a view of Saddle Island. Let these ancient bones cast new light on the present-day population of North Atlantic right whales.

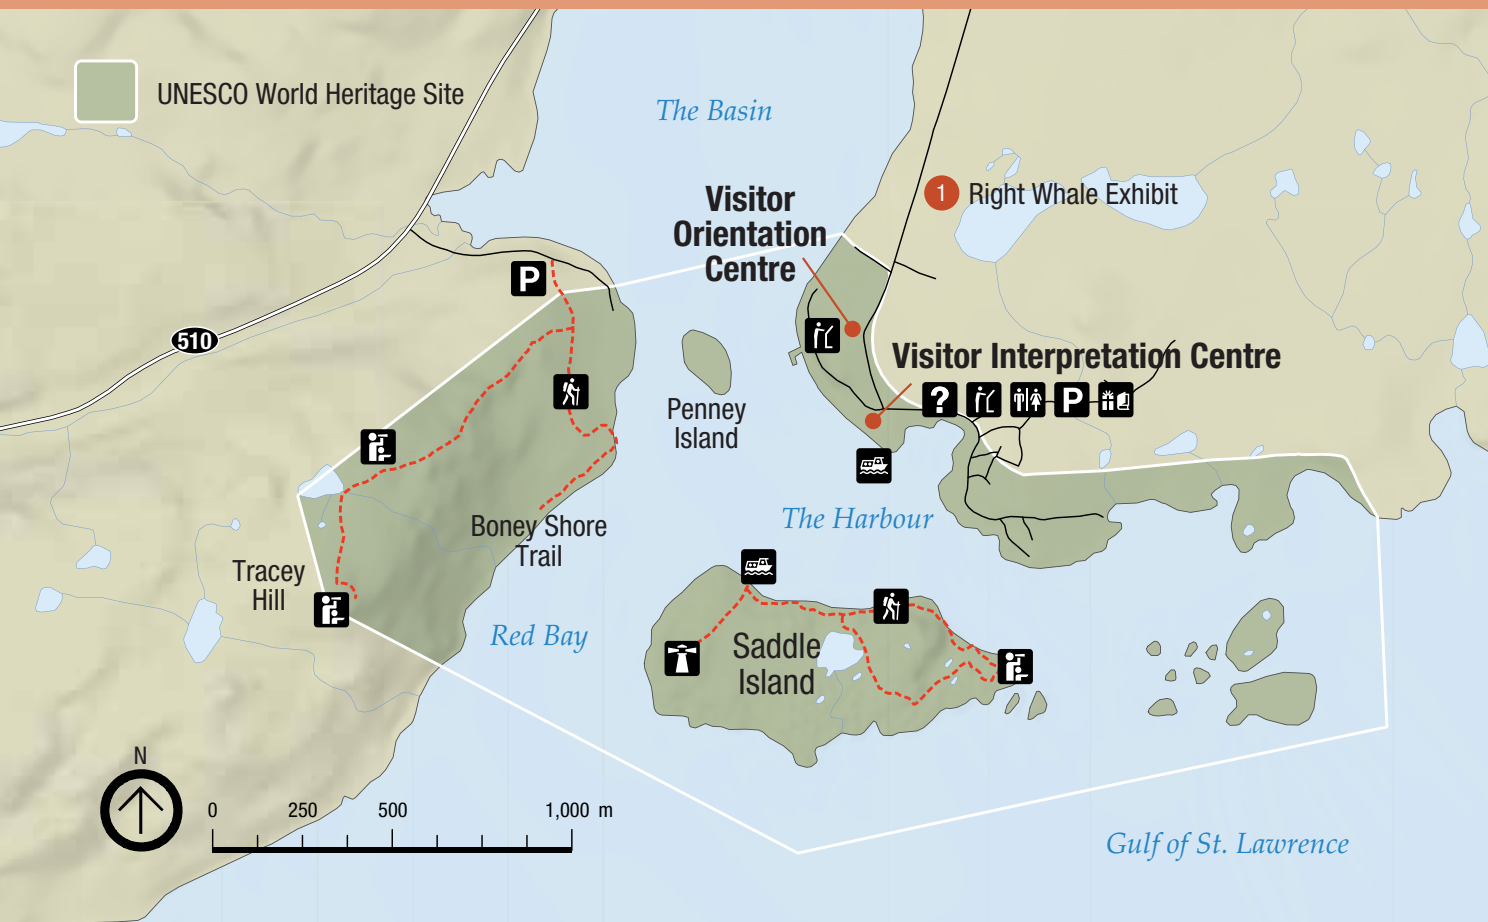

Txiste on Saddle Island

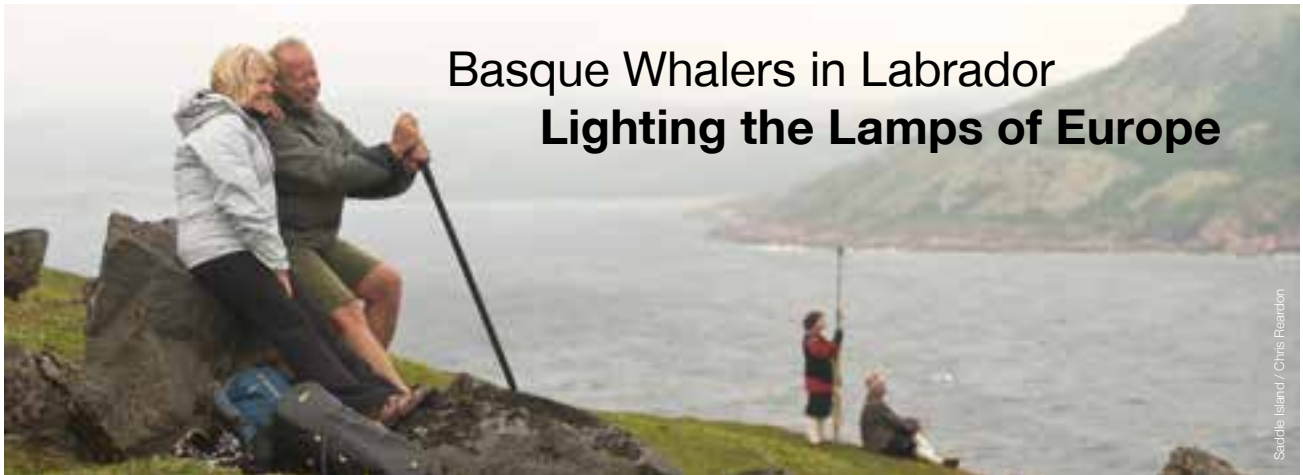

Explore Basque folklore, navigate puzzles, and raise the rescue flag within an hour to escape Saddle Island. This new escape room experience is offered as a pilot program for summer 2022. Call (709) 920-2142 for availability.

Weird and Wonderful Artifacts

Explore Red Bay's weird and wonderful artifact collection to uncover the stories behind some of our one-of-a-kind objects, including both bizarre and beautiful artifacts of Basque life.

Four UNESCO World Heritage Sites

The United Nations Educational, Scientific and Cultural Organization has designated sites from all over the world that are of outstanding natural and cultural significance. Newfoundland and Labrador is home to four of these World Heritage Sites. Visit:

- **Gros Morne National Park** – a natural wonder created by continental collision 500 million years ago.
- **L'Anse aux Meadows National Historic Site** – the only authenticated Viking settlement in North America.
- **Red Bay National Historic Site** – the remnants of a 16th-century Basque whaling station.
- **Mistaken Point Ecological Reserve** – fossils of the oldest complex life forms from 565 million years ago.
