SWEET THING

A five-piece Toronto band
that plays infectious pop
tunes. Sometimes they
get pretty rocking, in that
dramatic way that feels
best when you clench
your fist and raise it to
the sky.

MALAJUBE

Malajube was confirmed
as one of the most prolific
and talented bands from
Montreal (Olivier Lalande,
Nightlife Magazine,
February 2009).

APOSTLE OF HUSTLE

Lead Guitarist - Andrew
Whiteman (Broken Social
Scene) partnered with
Dean Stone and Julian
Brown to form one of
Canada's most successful
indie rock bands.

MUDMEN

Centered around ripping
bagpipes, the MUDMEN
have created one of the
most mesmerizing rock
performances anywhere.

Experience more of Parks Canada through music and
film with the **National Parks Project** theatrical screenings.
May 20-26, Royal Cinema, 60, College Street, Toronto.

SWEET THING

Les cinq musiciens de ce groupe savent interpréter des tubes accrocheurs. Ils ne détestent pas se lancer dans un rock dramatique qui vous donne envie de fermer les poings et de lever les bras au ciel.

MALAJUBE

Malajube est considéré comme l'un des groupes les plus prolifiques et les plus talentueux de la scène musicale montréalaise (Olivier Lalande, *Nightlife Magazine*, février 2009).

Découvrez-en davantage sur Parcs Canada par la musique et le cinéma en assistant à la projection de courts métrages tournés dans le cadre du **National Parks Project**. Du 20 au 26 mai, au Royal Cinema, 608, rue College, Toronto.
