QUEEN'S PRINTER AND CONTROLLER OF STATIONERY  
OTTAWA, 1962

## FOREWORD

Selected areas of the outstanding and varied natural scenery of Canada are preserved in 18 National Parks across this vast country. From the surf-washed shores of the Atlantic, across the great central plains, to the snow-capped peaks of the Rockies, a chain of these Parks offers vacation opportunities amid the wonders of nature.

This listing is for only the 10 National Parks in Western Canada that are administered by the National Parks Service. There is no accommodation within Wood Buffalo National Park, which is administered by the Northern Administration Branch, Department of Northern Affairs and National Resources. However, persons planning to visit the Park and wishing information can write to The Superintendent, Wood Buffalo National Park, Fort Smith, N.W.T., or the Northwest Territories Tourist Office, Kent-Albert Building, Ottawa.

For information on the accommodation available in the seven National Parks in Eastern Canada, a listing similar to this and entitled *Where To Stay in the National Parks of Eastern Canada* is available from the National Parks Branch, Ottawa.

## ACCOMMODATION—GENERAL

Facilities for the accommodation of Park visitors vary widely from campgrounds and trailer areas in specially selected locations, to luxury resorts, hotels, and other establishments with every up-to-date convenience.

### *Camping*

Campgrounds are of three main types:

*Serviced*, for which a nominal fee is charged—usually provide kitchen shelters, stoves or fireplaces, hot water, electricity and toilets. In some, laundry facilities, coin-operated washers and showers are also found.

*Semi-serviced*, for free use—are less well equipped but have kitchen shelters, stoves or fireplaces, drinking water and toilet facilities.

*Primitive*, also free—where there is no direct access by highway, provide only the minimum conveniences.

The use of campgrounds and trailer areas is on a first-come, first-served basis and reservations are not accepted.

Visitors wishing to camp elsewhere in approved areas of the Park may do so upon obtaining the necessary camping and fire permits from the Warden Service.

### *Picnic Areas*

Many picnic areas are provided free at selected locations usually convenient to Park roads. Tables, fireplaces and drinking water are available at most of these. Camping is not permitted in picnic areas.

### *Commercial Accommodation*

All visitor accommodation in the National Parks is inspected and maximum daily rates are approved by the National Parks Service. Rates quoted here are the latest available at the time of printing. (April 29, 1962), and may be subject to minor revisions. Meals are included with American Plan rates, while the rates for the European Plan cover overnight accommodation only.

To avoid disappointment, it is advisable to write to the establishments concerned or to the Park Superintendent in advance for the names of agencies handling reservations.

## GENERAL INFORMATION ON CAMPING

The normal season for camping in these Parks is from late May into October, but this varies according to the climate of the locality.

Fees payable for camping permits in the National Parks of Canada are as follows:

Each tent, or passenger vehicle adapted to overnight accommodation including campers and camping units

One day.....	\$ .50
One week.....	2.00

### Travel Trailer

In (a) Specially equipped trailer areas where individual water, sewer and electric connections are provided

One day.....	1.50
--------------	------

In (b) Other trailer areas not equipped as in (a)

One day.....	.75
One week.....	3.00

Electric Power for trailers (Unless situated in an area mentioned in paragraph (a))

Per day.....	.35
--------------	-----

All electric services in campgrounds are 60 cycle.

Wood fuel is supplied free to all camping and picnicking grounds.

The serviced campgrounds have full-time caretakers and some have matrons in attendance during the mid-summer months. Other campgrounds have part-time supervision.
