¹ The seven mountain parks are the following: Banff, Jasper, Yoho, Kootenay, Waterton Lakes, Mount Revelstoke, Glacier ² The marine conservation areas are the following: Fathom Five, Saguenay-St. Lawrence ³ The historic canals are the following: St. Peters, Carillon, Chambly, Lachine, Sainte-Anne-de-Bellevue, Saint-Ours, Rideau, Sault Ste. Marie, Trent-Severn Waterway							

Attendance is measured in Person-visits, which is defined as:

Each time a person enters the land or marine part of a reporting unit for recreational, educational or cultural purposes during business hours. Through, local and commercial traffic are excluded. Same day re-entries and re-entries by visitors staying overnight in the reporting unit do not constitute new person-visits.

General Notations

Data are considered to be accurate at time of presentation.

A fiscal year of data represents the period from April 1 to March 31.

Only reporting units with established recording methodology are included in the report.

The attendance statistic reported is person-visits:

Each time a person enters the land or marine part of a reporting unit for recreational, educational or cultural purposes during business hours. Through, local and commercial traffic are excluded. Same day re-entries and re-entries by visitors staying overnight in the reporting unit do not constitute new person-visits.

Visitor attendance data does not include external programming activities such as visitation to schools, presentations to the public, etc. Trends in visitor data must be interpreted with caution. The very nature of our national park and national historic site locations makes controlled access difficult to manage. Significant fluctuations in volume can be attributed to many ad hoc factors such as flooding, fire, special events and weather extremes. External factors must also be taken into consideration before determining if a variation is statistically significant. *Please see Specific Year Notations for an explanation of variances.*

Location-Specific General Notations

- A. Fort Rodd Hill and Fisgard Lighthouse are separate national historic sites. Their close proximity to each other necessitates the inclusion of their data as one reporting unit for visitor attendance.
- B. Glacier and Mount Revelstoke are separate national parks. Their close proximity to each other necessitates the inclusion of their data as one reporting unit for visitor attendance.
- C. Pacific Rim Reserve excludes Broken Group Islands, Willowbrae Trail, and West Coast Trail data.
- D. Prince Edward Island National Park excludes visitation data from Green Gables House.
- E. Sault Ste. Marie Canal: May to October includes land based visitation and boaters. Other months are land based visitation only.
- F. Trent-Severn Waterway and Rideau Canal data represents land based activity only.

Specific Year & Location-Specific Notations

2005-06

The following locations contain 3 or more months of estimated data: Bar U Ranch NHS, Jasper Park Information Centre NHS, Prince Edward Island NP, Riding Mountain NP, Sault Ste. Marie Canal NHS, Terra Nova NP

The following locations have revised their attendance methodology: Chambly Canal NHS, Saguenay-St Lawrence NMCA

The following locations were closed due to renovations / repairs: Port-la-Joye-Fort Amherst NHS, Queenston Heights NHS

Banff Park Museum NHS, Cave and Basin NHS, Sulphur Mountain Cosmic Ray Station NHS: The 2005 Alberta Centennial contributed to the increase

Batoche NHS: The 2005 Saskatchewan Centennial, special events, and special interest groups attributed to the increase.

Canada Marine Discovery Centre, HMCS Haida NHS: Decreases in 2005 attributed to first year of operation, media coverage and free entry in 2004. Current advertising ban in effect.

Fortifications of Québec NHS: Among the factors contributing to the decrease is the archaeological excavations taking place at Dufferin Terrasse which is located in the sector nearest the tourists. These excavations will continue until August 2007.

Fort Battleford NHS, Fort Walsh NHS: The 2005 Saskatchewan Centennial and the RCMP Musical Ride in July 2005 attributed to the increase.

Fort Malden NHS: The increase is attributable to the presentation of special events in August and September 2005. These events were not offered in 2004.

Grand-Pré NHS: Decrease is attributed to reduced hours of operation and a general decline of visitors to Nova Scotia.

Lévis Forts NHS: Reduced participation in a twilight concert in 2005 and the absence of a cross-country event which had attracted 2.520 participants in October 2004 attributed to the decrease.

St. Andrews Blockhouse NHS: Mainly attributed to good weather.

Woodside NHS: Decline attributed to reduced participation in extension programs, a change in education curriculum, and insufficient advertising/promotion.

2006-07

The following locations contain 3 or more months of estimated data: Bar U Ranch NHS, Gwaii Haanas Reserve and Haida Heritage Site NP, Halifax Citadel NHS, Rideau Canal NHS, Riding Mountain NP, Sault Ste. Marie Canal NHS, Terra Nova NP, York Redoubt NHS

The following locations have revised their attendance methodology: Lachine Canal NHS, Woodside NHS

The following locations were closed due to renovations / repairs: Old Port of Québec Interpretation Centre, Port-la-Joye-Fort Amherst NHS, Queenston Heights NHS

Fort Battleford NHS: Reduced Canada Day Celebrations

Fortifications of Quebec NHS: mainly attributed to poor weather in June and July and a decline in tourists during these months, the closure of "la Promenade des Gouverneurs" for renovations, and the archaeological excavations taking place at Dufferin Terrasse

Saint-Ours Canal NHS: Mainly attributable to poor weather.

Signal Hill NHS: Did not have an operational Visitor Reception Centre until July 15.

Sir Wilfred Laurier NHS: The special activity "Fête au village" was cancelled due to poor weather.

2007-08

The following locations contain 3 or more months of estimated data: Banff Park Museum NHS, Bar U Ranch NHS, Cave & Basin NHS, Grand-Pré NHS, Halifax Citadel NHS, Prince Edward Island NP, Rideau Canal NHS, Riding Mountain NP, Sault Ste. Marie Canal NHS, Sulphur Mountain Cosmic Ray Station NHS, Terra Nova NP, York Redoubt NHS

The following locations have revised their attendance methodology: Bruce Peninsula NP, Sainte-Anne-de-Bellevue Canal NHS

The following locations were closed due to renovations / repairs: Old Port of Québec Interpretation Centre, Port-la-Joye–Fort Amherst NHS, Queenston Heights NHS

Battle of the Châteauguay NHS: Fewer school groups and a reduced operating season played a role in the decline

Battle of the Windmill NHS: Operational constraints and closures played a role in the decrease.

Bellevue House NHS: Declining school groups may have played a role in the decrease.

Fathom Five NMCA: Decline partly due to low water levels & decreased commercial tours to Flower Pot Island

Fort Battleford NHS: Reduced Canada Day celebrations in 2006 and 2007.

Fort George NHS: Marketing initiatives, special events, and increased school groups played a role in the increase.

Fort Malden NHS: Special events may have played a role in the increase.

Fort Wellington NHS: Fewer school group visitors and increased Canada day special event competition played a role in the decrease.

Georgian Bay Islands NP: Good weather played a role in the increase.

Louis S. St. Laurent NHS: Increase attributable to special activity 'Les Comptonales'.

Province House NHS: Increasing local competition and no recording of Legislative Assembly's special event visitation played a role in the decrease.

Pukaskwa NP: Staffing the entrance kiosk for longer hours and a longer season played a role in the increase.

Sir Wilfrid Laurier NHS: Increased participation in special activities played a role in the increase.

2008-09

The following locations contain 3 or more months of estimated data: Bruce Peninsula NP, Prince Edward Island NP, Rideau Canal NHS, Riding Mountain NP, Sault Ste. Marie Canal NHS, Sulphur Mountain Cosmic Ray Station NHS, Terra Nova NP, Wood Buffalo NP

The following locations have revised their attendance methodology: Cape Breton Highlands NP, Fathom Five NMCA, Halifax Citadel NHS, Prince Edward Island NP, Saint Lawrence Islands NP, Woodside NHS

The following locations were closed due to renovations / repairs: Old Port of Québec Interpretation Centre, Queenston Heights NHS

Bethune Memorial House NHS: China earthquake repercussions played a role in the decrease

Fort Edward NHS: Shorter number of operating days played a role in the decrease

Fort Langley NHS: BC 150 events played a role in the increase

Fortifications of Quebec NHS: Quebec 400 Celebrations played a role in the increase

Green Gables House: Increase in cruise ships and Anne promotions played a role in the increase.

Gulf of Georgia Cannery NHS: BC 150 events, increased programming, and Rivermania special event played a role in the increase

Kejimikujik NP: Two tropical storms played a role in the decrease.

Kluane NP: Major highway reconstruction in front of Tachal Dhal Visitor Centre played a role in the decrease.

La Mauricie NP: Poor weather played a role in the decrease.

Port-la-Joye – Fort Amherst NHS: Re-opened in 2008 after structural repairs and renovations in 2007.

Province House NHS: Increase in cruise ships and school groups played a role in the increase

The Forks NHS: Two special events on site played a significant role in the increase

2009-10

The following locations contain 3 or more months of estimated data: Bruce Peninsula, Fathom Five, Fundy, Green Gables House, Jasper Park Information Centre, Kluane, Nahanni, Rogers Pass, Sault Ste. Marie Canal, Sulphur Mountain Cosmic Ray Station, Terra Nova, York Redoubt

The following locations have revised their attendance methodology: Aulavik, Battle of the Windmill, Fort Beauséjour – Fort Cumberland, Fort Lennox, Ivavik, Manoir-Papineau, Rideau Canal, Saint-Ours Canal, Tukut Nogait, Wood Buffalo

The following locations were closed due to renovations / repairs / flooding: Mount Revelstoke/Glacier

The following locations were closed: Old Port of Quebec

Auyuittuq: Decrease in cruise ships played a role in the decrease.

Gulf of Georgia Cannery: 2010 Winter Olympics celebrations played a role in the increase.

Kejimikujik: Poor weather played a role in the decrease.

Lower Fort Garry: Canada day, group tours, and special event attendance played a role in the increase.

Prince of Wales Tower: Additional week of operating hours played a role in the increase.

Province House: New evening program (sound & light show) played a role in the increase.

Pukaskwa: Poor weather played a role in the decrease.

Queenston Heights: Re-opened in 2009.

Quttinirpaaq: Decrease in cruise ships played a role in the decrease.

Rocky Mountain House: Canada day and school groups played a role in the increase.

Sirmilik: Decrease in cruise ships played a role in the decrease.

St. Andrew's Rectory: A large special event played a role in the increase.
