

Jasper Park Lodge

Jasper, Alberta, Canada

For many visitors, Winter is the most rewarding season of all at Jasper Park Lodge.

Crisp air crackling with excitement. The sounds of laughter. Skis hissing impatiently down a mountainside. Skaters etching graceful scrolls. Sleigh rides. Snowmobiles. Days of exhilarating action. Evenings of relaxation and fun.

Back at the Lodge, after a day on the ski slopes of Marmot Basin, hearty meals for fresh air appetites. Then the beat comes up. Après-ski. When the knee and hip action is on the dance floor. And the good times happen. Strangers become friends, swapping tales of derring-do on the high slopes, planning new adventures for tomorrow. The workaday world is far away, beyond the mountains. There is only the here and now.

But even skiers have to sleep sometime, and the short walk from the Club House to the chalets is the perfect end to the day. All around, the mountains loom — more impressive than ever in the moonlight. Goodnight greetings hang for a moment in the still night air, then melt away. The silence is total. One by one the lights go out. And contented skiers fall swiftly asleep dreaming of tomorrow. When the snow will be smooth and white and challenging again.

Consistent snowfalls, crisp winter weather, dry mountain air and gorgeous sunshine. These are the ingredients that make Marmot Basin a great ski area. This is the high country, where fresh powder snow almost every night of the season builds on a firm base. With average daily temperatures of 20 to 25 degrees, conditions are ideal for comfortable skiing. And there's a long season — from mid-November until mid-May. No wonder more and more skiers are discovering the double delights of Marmot Basin and Jasper Park Lodge.

Jasper Park Lodge

Jasper, Alberta, Canada

There's a wonderful vacation waiting for you at Jasper Park Lodge in the Canadian Rockies.

Here, in a quiet valley deep in the mountains, a mini-village of cosy cedar chalets is nestled among tall pines around a shimmering mountain lake. A haven of luxury in an unspoiled wilderness - and a self-contained vacation paradise. Superb food. Spectacular

scenery. Clear, clean mountain air. A sense of timelessness. And deep, refreshing peace.

Your favorite form of relaxation is just that much more enjoyable in this exhilarating setting. The 18-hole championship golf course, for example, has every hole lined up with a mountain peak. And water hazards so clear you can see your ball smiling! Fancy

a brisk work-out on the tennis courts? Ten lengths of the pool? A challenging game of chess? It's all here — whether your interest is in trail-riding or table tennis, boating or billiards, dancing or dominoes, fishing, cycling, mountain climbing or going to the movies — you can enjoy it to the full at Jasper Park Lodge.

Its situation in the centre of Jasper National Park — at 4,200 square miles one of

the largest in North America — means that the Lodge is conveniently located for touring this scenic wonderland. You'll run out of superlatives to describe the awesome grandeur of the mountains, the incredible colors of the lakes, the dramatic gorges, the tumbling waterfalls.

Bring your camera to capture all the splendor. Then you can show them *your* pictures of the Glacier of the Angel on Mount Edith Cavell, mile-high Maligne Lake surrounded by ice-crowned mountain peaks towering another mile into the sky, the massive Columbia Icefield and the many other scenic delights in which this mountain wilderness abounds.

Gourmet meals for hearty, mountain-air appetites are a proud tradition at Jasper Park Lodge. Whether in the Main Lodge, the elegant Club House or the privacy of your own chalet, the dining atmosphere is pastel linen, polished silver, sparkling crystal and friendly, courteous service. Jasper fusses over its food — every little detail must be just right. And to complement the good food, there's a selection of the very best wines and liqueurs.

Breakfast on your own private patio is a popular way to start the day and our cheerful cycling waiters make sure that you enjoy a well-balanced meal!

Fun time at Jasper Park Lodge knows no season. Each day has a magic all its own — the freshness of Springtime in the Rockies, the delight of Summer and the Fall, or the sheer enchantment of Winter. The time of year you like best seems just that bit more exciting in the high country and life at the Lodge is designed to let you savor each season to the full. Spring visitors often find

that they can play golf at the Lodge and still ski up in the hills. Summertime means warm days and pleasantly cool nights. In the Fall the colors are more striking — and the fairways are less busy! As for Winter, well, that's a whole story in itself and you'll find it on the other side of this folder.
