

FREE ADMISSION to all Parks Canada places in 2017

ACTIVITIES and Attractions

Make your visit to Long Beach a SAFE one!

ALL BEACHES UNSUPERVISED

National parks are wild places. Some simple precautions will ensure a safe and enjoyable visit.

Safety In the Forest

- Wear appropriate footwear for slippery boardwalks and muddy uneven ground.
- Avoid the rainforest during high winds.

Bears, Cougars and Wolves

- Frequent the intertidal zone as well as the rainforest.
- If you encounter a bear, cougar or wolf:
- Pick up small children and pets and stay in a group.
- Back away slowly to give it an escape route.
- If the animal approaches, do all you can to appear threatening: shout, wave your arms and throw objects.
- Never feed or approach wildlife

Safety In and Around the Water

- sweep over beaches and rocky outcrops.
- Generally, there are two high and two low tides each day. During
- Water temperatures are low (7-14°C). Wear a wetsuit in the water.
- Make note of water safety signage and avoid areas with rip currents.

Go **EXPLORE** the trails!

(1) Willowbrae Trail (1.4km one way) LOCATION: Willowbrae Road intersects Highway 4, 2 km south of the Ucluelet-Tofino junction. Trail access is not signed from the highway. Turn west onto Willowbrae Road to the trailhead parking lot. **OF INTEREST:** This historic trail formed part of a two-day travel route between Ucluelet and Tofino prior to the establishment of a road in 1942.

Halfmoon Bay Trail (1.8 km one way, including Willowbrae Trail) **LOCATION:** The Halfmoon Bay Trail branches from the Willowbrae Trail 1.3 km from the Willowbrae parking lot. OF INTEREST: The trail winds through old growth cedar and hemlock forest before giving way to the spruce fringe and sandy beach of Halfmoon Bay.

(3) South Beach Trail (800 m one way) LOCATION: South Beach Trail branches from the Nuu-chah-nulth Trail. OF INTEREST: South Beach offers spectacular, but potentially dangerous. wave watching. Very large waves and strong currents form at this pebble beach; water activities not recommended.

Nuu-chah-nulth Trail (2.5 km one way) LOCATION: Trailheads are located at Florencia Bay and behind the Kwisitis Visitor Centre OF INTEREST: A glimpse into the Nuu-chah-nulth culture. Learn what "Hishuk ish ts'awalk" means and how this belief influences the lives of the

Nuu-chah-nulth-aht.

Shorepine Bog Trail (800 m loop) LOCATION: Along Wick Road. OF INTEREST: This is old growth coastal temperate rainforest with a twist.

Search for the plant that kills small and unwary insects and learn what kind of an environment might lead a plant to such deeds.

Rainforest Trails A and B (Each loop 1 km) LOCATION: Trail A is located on the opposite side of Highway 4 from the parking lot. Trail B starts from the parking lot. OF INTEREST: Gigantic western red cedar and western hemlock reach up to the sunlight, their boughs thickly carpeted with hanging gardens of moss. On Trail A interpretive signs emphasize the forest cycles and on Trail B the signs emphasize the structure and inhabitants of the forest.

Combers Beach Trail (500 m one way) **LOCATION:** Along Highway 4. **OF INTEREST:** Combers Beach Trail leads from the parking lot down to Combers Beach. Beach access is dependent on tides, currents and erosion.

Schooner Cove Trail (1 km one way) **LOCATION:** Along Highway 4. OF INTEREST: The trail descends through young and old stands of cedar/hemlock forest, gradually giving way to the Sitka spruce fringe. Coming to the beach, you will catch glimpses of the village of Esowista, belonging to the Tla-o-qui-aht, who have lived along this shore for centuries.

To Identify Rip Currents, Look For: RIP CURRENTS

Break the Grip of the Rip!

ESCAPE ESCAPE

RIP CURRENT

ESCAPE

- A narrow stream of water moving away from shore, often perpendicular to the shoreline.
- Waves breaking on both sides of the rip, but not inside the rip.

If you get caught in a rip... do not swim against it. Stay calm and swim parallel to the shore, then swim back to shore. If you cannot escape, float or tread water and signal for help.

RIP CURRENTS ARE POWERFUL CURRENTS OF WATER THAT CAN SWEEP EVEN THE STRONGEST SWIMMER OUT TO SEA.

- Shorelines are dynamic places. Large waves can unexpectedly
- high tides, creeks and shoreline routes may become impassable. Avoid being trapped or crushed by floating and rolling drift logs.

Welcome to Pacific Rim National Park Reserve and the traditional territory of the Nuu-chah-nulth First Nations. This special place is part of a network of Canada's national treasures protected on your behalf by Parks Canada.

Pacific Rim Visitor Centre

(Parks Canada staff present April to October) Stop here to obtain information about the national park reserve and surrounding region. Discovery passes available.

Kwisitis Visitor Centre

(Year round, Fri/Sat/Sun in winter) Learn about the natural and cultural history of the region at this one-ofa-kind interpretive centre.

Green Point Campground (May to October) All sites reservable

Situated on a forested terrace above Long Beach. 94 drive-in sites, 20 walkin tent sites and 1 group campsite.

Park Administration

(Year round, 8am to 4pm, Monday to Friday) Stop here to obtain information about the park reserve. Discovery passes available.

Cox Bay Visitor Centre (Year round, Parks Canada staff present seasonally)

Green Point Theatre Programs (July to August)

Bring your family and hear stories about Pacific Rim inside this heated

Guided Walks and Talks (July to August)

Learn from a knowledgeable guide about the natural and cultural history of the park reserve.
